

2016 Annual Report

In 2016, the New Hampshire Women's Foundation (NHWF) increased its investments in policy, advocacy, grantmaking and education compared to the year prior. The Foundation hosted four business roundtables on common sense solutions to family-friendly workplaces, and held a statewide summit on Paid Family and Medical Leave Insurance with policy experts, Human Resources professionals and key stakeholders. NHWF sponsored site visits and community discussions, showcasing the work of eight of our grantee partners and we closed out the year with the announcement of 13 new grant awards. These are just a few of the Women's Foundation's accomplishments in 2016.

None of this work would be possible without the steadfast and generous support of our donors, gratefully acknowledged in the following pages. Financial support for our programs, whether by way of individual, corporate or foundation donations, event attendance or gifts to our endowment, ensure that our investment in women and girls in New Hampshire will **remain secure** for years to come.
